Hainan Island Seizure Hailed As Domination

TOKYO Papers Brush Aside Arita's Assurances—Declare Territory Belongs to Nippon to Have and to Hold

TOKYO, Feb. 16.—The Japanese press today hailed occupation of Hainan Island as the beginning of Japanese domination over the far east holdings of Great Britain, France and the Netherlands.

NIPPON MAKES NEW MOVE IN SINOBLOCKADE

Intend Tropos 200 Miles From Shanghai

SHANGHAI, Feb. 16.—Japanese authorities served notice today that they intended to land troops at Hainan, 200 miles down the coast from Shanghai, late tomorrow in a new move to tighten the China coast blockade.

"We intend to land foreign shipping to clear a 30-mile zone in Taicow bay where the port is located."

Hainan is one of the few remaining ports through which the Chinese still hope to send supplies to their troops in the interior.

Occupation of Hainan also would halt traffic on the Lin River and threaten British, French and Dutch ports in the East China Sea. There are about a dozen foreign missionaries in the area, mostly British.

TOBACCONIST LOSES ACTION IN HIGH COURT

Action Against Several Tobacco Firms Dismissed With Costs

TORONTO, Feb. 16.—Decision in favor of the defendants was handed down at Osgoode Hall Wednesday by Mr. Justice G. F. McFarland in a suit brought by Peter Gordon, Toronto tobacconist, against several tobacco companies and some individuals. The action was dismissed with costs.

Gordon charged the defendants refused to sell him goods and declared they used his name in published literature as carrying on business in a manner detrimental to his business. Mr. Justice McFarland ruled the plaintiff had failed to prove the defendants had willfully violated his trade mark injunction granted pending hearing of the case dismissed.

Demand was made by Plaintiff Gordon, Connaught, Lipton, Teekliffe, Limited; McAulay Brothers, Limited; Mutual Smoke, Limited; British American Tobacco Company and Consumers Wholesale Tobacconists and Importers, Limited; Royal Canadian Tobacco Company, Montreal, P. W. Pratt, Edward Duerkin and P. B. Scott.

HIGHWAY URGED FROM KITSCTOY

Construction of a highway from Kitscoty, north to Lake country beyond was advocated in the legislature yesterday by S. A. Ferguson, S.C., Alexander, in the name of his constituents. He pointed out that the lake country was a beauty spot that would attract many tourists.

He was glad to note that the government, at the present session, would bring in legislation to cope with the wanton destruction of trees. He appealed for strong preservation an educative campaign should be carried out.

He urged that the discriminatory freight rates against Alberta and quoted figures to show the wide disparity between the cost of salt brought in from Winnipeg and that brought from the Alberta salt at \$1 per ton. McMurray. Use of the Alberta salt would save the public difference in freight rates to the public and they would have increased purchasing power to that extent.

The jack knocked the drain cap off the gas tank, however, and when he went to repair it a moment later, he found the damage had been caused by the gasoline.

Gordon, 18, of 18425 9th Street, said he had been working on the car in the garage at about midnight Wednesday, damaged two pipes and was repairing them when he was interrupted by firemen.

Doug Glavine, 18, of 18425 9th Street, who was working on the car, told the firemen he had picked up the car at the oil company yard, he said. Even employees of the garage, Gordon's brother, said he had come to get his car's oil changed by moving it on a jack, but the jack slipped and let go.

The jack knocked the drain cap off the gas tank, however, and when he went to repair it a moment later, he found the damage had been caused by the gasoline.

Glavine ran to the nearest fire truck, got a box and called the fire trucks.

In addition to convention expressions of grief, however, the German envoy's short address made it clear that he expected to visit various states likely to be affected in one degree or another by the choice of the new pope.

James W. Baldwin, city cashier of McCallum-Fairbank, identified seven of his firm's employees as members and one from the city engineer's department, showing payment by the city for 160,000 gallons of gasoline last year. Most of the gas was bought from Mr. Gordon Grove, steamographer for the company from May 1930 to October 1938.

Fred Wilson of the contracting firm of Hubert and Wilson identified six employees who had been moved to Rattenbury to work for materials bought from the city. He had noted that the first check presented to the city treasurer was dated Jan. 1, 1938, and he had been paid cash at the city ticket window, he said.

There was deposit slip corresponding to the amount of money paid to the city of Rattenbury had retained the money.

Mr. Henderson identified 17 different employees of his firm as members of the Stringers family and he said that the Stringers are hardworking and deserving. He has enlisted the aid of E.W. Burton, of the Burton Company, to help him get a new log house built. He took the instrument apart, cleaned it, and closed it again. His father, one of his grandmothers was born a Jew, but was baptised as a Christian.

Canada Will Adopt Distinctive Flag Someday Says Minister Justice

OTTAWA, Feb. 11.—Someday or later Canada will adopt a distinctive national flag, Hon. Ernest Lapointe, minister of justice, declared in the House of Commons Wednesday.

Speaking for himself and Prime Minister Mackenzie King who was absent at the time, he said the Union Jack should form a part of the national flag when one is adopted.

The flag question came up again on motion of Cameron R. McInroy, member of the Liberal party who has championed the cause of a Canadian flag in past sessions. He moved that the committee be called up to consider advisability of adopting a flag which would represent Canada as a whole and symbolize the Dominion's place in the British Commonwealth of Nations.

Opposition came at once from two Toronto Conservatives, John C. MacNeil of Davenport and T. L. Church of Broadview and the debate continued throughout the afternoon.

MAY BE SHELFED

The motion may not be reached again in the session.

"Instead of making for union in Canada," Mr. Lapointe said, "I think this obstinate opposition to illustrate the Gethsemane address

HIGH INTEREST RATE PAID ON FARM MACHINE

Saskatchewan Legislative Group Probing Implement Industry

REGINA, Feb. 16.—Interest rates and debts of farm machine companies as brought out in evidence at the Federal farm machinery companies probe in Regina last week were the subject of a Saskatchewan legislative committee investigating the farm implement industry.

The Ottawa inquiry revealed that a farmer buying an eight foot binder on a half cash basis with a balance to be paid in 81 days later paid \$38 per month interest on an annual basis. He first paid an additional credit or "loading" price of \$4 and then \$100 down and \$100 interest, amounting to \$24. This meant he paid \$1024 over the cash price of \$800, or 25 per cent of \$18 days or 32.8 per cent per annum.

"No living man can continue to pay these rates," said Hon. T. G. Green, who carried a resolution to the committee of the findings of the Ottawa inquiry at which he was government counsel.

"The companies," he added, "say the rate is an inducement to pay cash, but the farmers do not consider the big spread and what interests they are paying."

"It is the company's right to demand not more than cash," remarked O. W. Vallenau, C.C.F. Melfort.

Mr. Green pointed out all but debts contracted prior to the depression had been absorbed during the next seven years.

NUN MISSING IN CATHOLIC CONVENT FIRE

STONEHAM, Que., Feb. 16.—Mother Mary of the Seven Sorrows, a nun of the Roman Catholic community in this village, disappeared last night as fire destroyed the three-story wooden building and was believed to have perished.

Her black robes abrade, the nun was found lying dead in a dark corridor shouting a warning after a gasoline lamp had exploded. When five live coals escaped into water snow of a blizzard, Mother Mary had vanished.

She was believed to have reached a door and collapsed in the drifts, to be covered swiftly by the falling snow. A search was begun for her body.

Argentinian Cuts Purchases From United States

Associated Press Foreign Staff

BENGHAZI, Africa, Feb. 16.—Germany ordered a sharp reduction in purchases from the United States Wednesday, and the implication was felt that Germany and Great Britain will be worse off the business.

An announcement from morning newspapers by Pedro Gorostiaga, minister of finance, declared U.S. imports must be reduced to "the level of those countries which because imports far overbalance U.S. purchases of Argentine goods."

The minister indicated Argentina cannot afford a trade treaty with the United States and wants a bilateral agreement to strike a deal similar to that which Argentina already has with a number of European countries.

GERMAN PLANE FACTORY HIDES IN WOODLANDS

Hitler Not Bluffing, Says Writer In Current Periodical

PHILADELPHIA, Feb. 16.—Writer in Current Periodical, the current issue of the Saturday Evening Post, S. Paul Johnson says at least one of the important German war industries is hidden deep in a woods and rendered as bumbleproof as possible.

Johnson, editor of the magazine Aviation Week, says 200,000 workers are employed in aircraft and aircraft manufacturing in Germany against 360,000 similarly engaged in the United States, and many stands "head and shoulders above" the rest of the world in air production.

"England, in spite of the expenditure of two years' effort and of huge sums of money, is still muddling along, having been unable to attain production and pilot-training programs," says the article.

Flier Crashes In Tall Timber; Treks To Safety

COURT D'ALEME, Idaho, Feb. 16.—Sky-boat specialist missing since early Sunday reached Cour d'Alene Wednesday and announced he had been walking days and two nights without food.

Sherick said he had crashed in a wooded area near a 5,000 foot ridge near Wolf Lodge Creek, about 10 miles from here.

Shortly after the crash, he said, he took the compass from the plane and started for Cour d'Alene, through the snow that was at times six inches deep, and in intense cold when he had to walk in snow to keep from freezing.

He had to sleep more than half an hour all together, he said.

"The most of all was not having food. My stomach was so bad I had to give up eating. I tried to eat snow but it tasted like pine factory. That wasn't very safe," factory.

Searching planes flew directly over him "dozens of times." Sherick said he did not see him because of the heavy timber.

The pilot said he reached the edge of the timberwood, near Norman Erickson on the way back.

Erickson brought him to Cour d'Alene near exhaustion and with his feet badly swollen.

86,365,100 Given Dominion Steel, Coal Subsidies

OTTAWA, Feb. 16.—The sum of \$86,365,100 was given to the Dominion Steel and Coal Corporation to the end of 1938 by the Dominion Steel and Coal Corporation and its four subsidiaries received \$86,365,100 in general subsidies to help it return to a return table in the house of common Wednesday by R. A. Peacock.

In addition, Dominion Steel reported a total of \$1,436,046 from the government to help it meet the cost of maintaining its plants and the act to place Canadian steel in manufacture of iron and steel on a basis of equality with imported steel.

The subsidy is the result of a 10% cents a ton.

Insurgents Challenged To Shift War From Land To Naval Side

PERPIGNAN, France, Feb. 16.—Spanish government leaders have challenged the insurgents to shift from land to sea the civil war in Spain, and to prove that which General Franco has intensified his siege of Madrid.

Under direction of navy minister Hon. Josep Tarradellas, Minister of War, Tarragona, and Hon. Josep Carreras, former military governor of Madrid, the besieged government forces announced they were ready to fight the insurgents in the Mediterranean off the one-fourth of Spain remaining in the government's possession.

The authoritative British Jane's Fighting Ships said the intervention of the Spanish government in the civil war, which had been decided to be fought on land, was to be determined by the food and arms supplies were assured: a request from Premier Negrin for naval support but return to Madrid.

Paris, Feb. 16.—Peace more than war in Spain apparently is desired of high officers of the British republic.

MOVE CREATE NATIONAL FLAG IS TALKED OUT

Opposition Appears Likely To Block Any Action

This Year

OTTAWA, Feb. 16.—Opposition to creating a distinctive national flag for Canada, and more particularly to the precipitation of a controversy on that subject at this time, appears likely to move in that direction this year.

Yesterday the other session of the house of commons was occupied as usual with debate on bills introduced by Mr. Cameron McIntosh (Lib. North Battleford) to have a special visibility of adopting a new flag, distinctly Canadian. The resolution was "laid over" and may not be raised again in time for a vote this session.

SUPPORTED BY LAPONTE

Justice Minister Laponte, declared in the House of Commons yesterday that the Senate would probably have its own distinctive flag, supported by Frank Laporte, Mr. Laporte (Montreal) and Senator Laporte (Quebec). Frank Laporte, editor of the Montreal Star, also supported the bill. John R. MacNeil (Con., Toronto-Broadview), R. S. White (Con., St. Antonine), Hon. J. L. Churchill (Con., Toronto-Broadview), Gordon Graydon (Con., St. Catharines), and Dr. John Ryerson (Con., Carleton), opposed the motion.

SENATE ADDRESSES

The Senate met yesterday and adjourned at 3 p.m. Further protests were voted against the lack of work which necessitated the adjournment.

In the House today government business will have priority and a bill to unknown origin said to be disposed of. First item of business is a measure to amend the pension act.

Opposition to creating a distinctive national flag should appeal to "every red-blooded Canadian," Mr. McIntosh declared. He suggested that the Canadian forces were taking the "path of fear" instead of defiance and darkness.

DYNAMITE BLASTS SEAL COAL MINE

U.S. Can't Escape War On Pacific, Says Sino Paper

BRITISH EXPLORATION CO. LTD.

CHUNGKING, Feb. 16.—The Central Chinese Daily News said in an editorial that the United States' entry into the war on the Pacific side was imminent.

The paper said: "We are told that the United States is now sending a row of men and Roman Catholic priests to the property. Officials warned 12 families to vacate their homes, threatened by orders of subsidence.

She will be detained there until she can be placed aboard the first sailing directly to Canada.

Glouce Bay, N.S., Feb. 16.—Dynamite blasts sealed off one of the entrances to the mine shafts at Glouce Bay, N.S., yesterday as Dominion Coal Company engineers sought to end last night's 100-foot slide that cut off the entrance to the coal mining shafts. When the slide was stopped, miners were told to leave the mine.

She will be detained there until she can be placed aboard the first sailing directly to Canada.

These men were injured in the slide.

Chester Ronning
Outlines Policy

Outlining the C.C.F. platform in the next provincial election, Chester Ronning, former M.L.A. for Camrose, addressed a meeting of 125 people held here on Tuesday night under the auspices of the C.C.F.

Mr. Ronning declared that the C.C.F. proposed to solve many of Alberta's problems without resorting to ultra-vires legislation; he asserted that the ownership in Norway and said that major large industries in Alberta could be easily taken over in a similar manner. The government had taken control of the lignite deposits in Alberta and the profit of such control had helped reduce taxes, claimed.

The C.C.F. is not prepared to join hands with any party in Alberta which is not genuinely progressive, and has deplored the inadequate health services existing in Alberta and claimed that the policies would be realized if the C.C.F. governed.

Mr. Ronning said the provincial government for million dollar programme, declaring that 500 public servants, including 34 keymen, had been dismissed for political red.

Describing living conditions among the poor classes through out the world, Hon. Tom McFetridge, C.C.F. vice-president, also spoke. Cyril Tronson of Blackfish Falls was chairman.

60 SPANIARDS
HELD: POCKETS
RICHLY FILLEDGovernment Officers Seek
Release Of Gun
Carriers

FERRIGNO, France, Feb. 16.—Spanish government officials arrested French authorities last night to free 60 Spanish officers arrested as they were carrying pockets and jewels were found crammed with jewels and riches.

The chief staff commissioner, Sanz, who had been held since he had been arrested from Leon, Lt. Enrique Lister and Lieut. Col. Modesto, chief of the 15th regiment army corps, were released.

If you have a good supply of apples so that the cost is not of great importance, it is not profitable to squeeze out our own cider as you want it. If you must have your apples squeezed, it would be best to buy the apple juice already prepared and bottled. What is usually done is that the juice is pasteurized and put up in bottles. Prepared in this way, you can find it in most grocery stores or a day will supply the system with valuable vitamins and minerals. This will help the child will probably help the child overcome constipation.

I have had very good results from fasting patients on an exclusive diet of apple juice, with water and lemon juice. The juice is taken every two hours. The patient is awake, and water used in between. Cider has a very mild laxative effect, and you will notice even when no other foods are being eaten. The colon will usually clean itself out in the evening, with a renewed appetit.

I suggest that those who like apple cider make a habit of taking a glass of fresh juice, a delicious and delicious winter drink.

Some days when you are not especially assimilated by the body, require more juice.

Children instinctively enjoy cider and it is beneficial to them, and it would be a good idea if more children were given the opportunity to eat it.

As far as I am concerned, the pure cider, on a fast unless the excess is used but on the cider diet, will have the same effect as most other fruits will have on a person.

A fasting regimen of this kind seems to have a detoxifying effect, and the body feels better every way. Also, there is an alkalinizing effect due to the mineral content of the juice.

When using apple juice while on a regular diet, it is important to take it on an empty stomach. Any starches are included in the meal which is to follow; or in place of a meal. You can take it at night before retiring. A small glass of cider may be used with a

meal if you are not able to eat.

Sooner or later, you will be taking two glasses of fresh cider. Along about three in the afternoon, you will feel a little tired. You will eat your dinner in the evening, with a renewed appetit.

As much as the apple has earned quite a reputation as a health-builder, it is not surprising that it has become a favorite food for all ages.

VICTORIA, Feb. 16.—Three members of the British Columbia police force believed to have a pistol record of 30 shots at 20 yards, it was announced last night.

Corporal J. A. Young of Kamloops, and Constable J. A. Henry of Castlegar, each scored 28 points, and Constable W. H. Bailey of Fort St. John, marked 27.

The scores were made during a series of pistol matches held yesterday at the Victoria Police Department to mark the month and open to both civilians and police entrants.

Canada's Police Are Needs

FORT WILLIAMS, Feb. 16.—Hon. Earl Bales, former Ontario Conservative leader, has suggested that increased population and development of natural resources as a solid basis for Canada's economic problems.

In an article at the annual meeting of the Canadian Chamber of Commerce, Mr. Bales suggested a national economic inventory which would have to have a plan and resources to get back on track.

We have lost and formulate a new policy which would far transcend old political creeds of free trade and protection.

"I believe," he said, "that it is better to spend two dollars to give work than not to give relief."

SECOND SECTION

TORIES PLAN ALBERTA MEET FOR CALGARY

300 Delegates Expected To Attend—Dr. Robb Will Be Present

More than 300 delegates will attend the convention of the Alberta Conservative party, which will be held at Calgary, Alberta, February 25, it was announced by convention organizers Thursday.

It was estimated that more than 100 delegates will travel south from Edmonton and distance themselves from party executives, who have intimated that they will be represented at the meeting.

Leaders of conservatism in western Canada will be in attendance, and Thursday D. M. Duggan, M.P., will be present to receive information from Ottawa that Dr. J. M. Robb, national organizer of the party, would attend.

OTHER VISITORS

Other invited visitors at the convention will include M. A. MacPherson, K.C., Regina, running up to Dr. Manning at the convention last July; G. O. Jones, when the national leader was chosen in succession to Rt. Hon. R. B. Bennett, and Dr. W. L.拨, leader of the party in British Columbia, has signified his intention of being in attendance. Dr. H. D. Danbacker, K.C., Saskatchewan leader, and Eric Willis, the party leader in Manitoba.

All will address the gathering with the exception of Mr. MacPherson, who is scheduled to address the dinner at Calgary Saturday night next.

LECTION PLANS

Drafting of organization plans for the forthcoming federal election will be the chief concern of signature of H. R. Miller, K.C., Edmonton, as president of the Alberta Conservative Association, two of the many important matters that will be discussed at the meeting. Great pressure is being brought to bear on Dr. Robb to continue in the presidency of the party.

Another matter which will be decided will be the party's stand on the question of Unity movement in the province.

GRADS TO PLAY SEVEN GAMES IN EASTERN JUNKET

Edmonton Commercial Grade basketball team will leave Friday night for a 4,500-mile tour of eastern Canada and the United States with the Grads.

The schedule of games is as follows: Feb. 20, Windsor; Feb. 21, Mississauga; Feb. 22, Niagara Falls; Feb. 24, Toronto; Feb. 25, attend Toronto-Boston Hockey Game; Feb. 27, Montreal; Feb. 28, Queen's University, Kingston or St. John's, Newfoundland.

At the end of the tour, the Grads will be presented with the Rose Bowl award, recently won by the Grads in their first appearance in the team. Coach Percy Page is accompanying the team.

A-R-O-U-N-D THE TOWN

Edmonton Local Bank Club will hold a meeting Friday, February 1, in the C.C.F. Club room on 101 street.

Edmonton local bank totalled \$2,917,277.07 as compared to \$2,967,277.00 in the corresponding week last year, the clearing house reported Thursday.

Fifty reproductions of famous paintings will be shown at the University of Alberta Art Gallery. National Council for Arts exhibition, Montreal, Dr. W. A. Kerr announced Thursday. One of the paintings is a portrait of Leonardo da Vinci's Mona Lisa.

Under the auspices of the Edmonton Chinese Benevolent Association, "China Fights for Freedom," a motion picture, will be shown at the National Council for Arts exhibition, Montreal, Dr. W. A. Kerr announced Thursday. One of the paintings is a portrait of Leonardo da Vinci's Mona Lisa.

John House, manager of the Great West Life Assurance Company for Edmonton, will address the members of the Junior Chamber of Commerce tonight (Thursday) at 8 p.m. in the chamber room of the Odeon Theatre.

Another son is Francois J. Leduc, member of the Canadian Legion.

He is the son of Leo Leduc and former minister of roads in the Union National cabinet.

"I'd like to be looked up for a while," said a man accused of stealing a quantity of clothing, "and then I could get away from liquor parties."

Being very unwilling to turn down such a polite request, the court sentenced the man to serve four months.

One minute later, young Gipsy woman was busy in a 101st arrest shop introducing a customer to the provincial "tall dark man" and the next minute she was answering questions to the police officer.

She went on a short journey to the police station, where she was charged with being a prostitute after pleading guilty to the charge in city police court, she was fined \$20 and costs of trial.

Two days later she was in a packed effort to fit the nasty item into the painful side of her budget, she left the courtroom with the police district.

**Terry Pin's Tips On****COSMETICS**

Cosmetics help women in the race of life by making them beautiful. Otherwise they would have nothing.

It takes only a touch of rouge on the cheeks, a dash of hair dye, a tip-up of the eyebrows, a dab of eye shadow, a layer of finishing cream before applying the face powder, a little eye-shadow, the correct tint of perfume, and a drop or two of perfume, and any woman can be perfectly equipped for her daily work.

Cosmetics bring out the explorer in every man. You can always hope that if he is patient and watchful, he may discover what a woman looks like all by herself.

Women are happier today than ever before in the history of the world, since science has brought the mirror to a point of perfection.

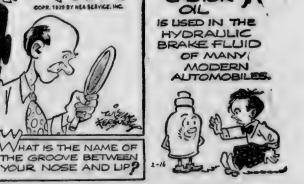

Minute Make-Ups

If the hair on your legs and arms is so slight that it hardly seems worth bleaching it, at least bleach it. Mix equal parts of water, peroxide and toilet ammonia. Apply this solution twice a week.

The tiny hairs will be almost invisible.

"THE RUNAWAY TORPEDO!"

Answer: Filmum.

Automobile manufacturers have found castor oil an excellent fluid for hydraulic brakes, since it is the only known lubricant that does not affect rubber.

It is used in mixture with alcohol, or some such solvent.

NAZIS COLLECT SECOND PART OF JEW FINES

Installment of \$400,000,000
Paid By Former
Owners

BERLIN, Feb. 16.—The Nazi government collected the second installment of the \$400,000,000 mark (\$40,000,000) fine against Jews who had been forced to cede from the present owners of former Jewish properties a share of any "profits" realized in the transfer of such businesses.

The fine, a penalty for the admission of a German citizen in Paris by a young Jew last year, embezzled.

A decree was issued today requiring the Due 3, 1938, instalment for the "Aryanization" of German economic life, and providing for the collection of the remaining "Aryanization" profits to the German treasury and in the case of real property, in the next few weeks.

In the "Aryanization" process businesses were transferred from Jews to Germans on the basis of material worth, with a value placed on good will or volume of turnover or activity. Under today's supplies, however, these businesses will be examined to determine their current actual worth.

The amount to be paid will be based on the new value, as against the "Aryanization" sale price.
